versus the same,  
in the campaign

with lying forming

Houses forever  
determining  
the concept,

in all      regards,  
& wars      to be

quaint,      the poor,  
again,      falling

for      Fables.  
Stalin      also hooted  
when      American

Reds      fussed  
at the      convention

re twist in party
